

BURIED IN THE RUINS

Collapse of a Three-Story Building.

MANY KILLED AND INJURED

Fire Adds to the Horror—Warnings Were Given But Not Heeded.

SAN FRANCISCO, June 22.—The three-story building at the corner of Fifth street and Mint avenue collapsed at 4 o'clock this afternoon burying a dozen persons in the ruins. Two bodies have been recovered and it is feared that there are others in the debris. The list of dead and injured follows:

Dead—Mrs. Ernestine Silverstein of 205 Stevenson street; John May, laborer.

Injured—Patrick McKewen, proprietor of Brighton House, severe internal injuries, may die; Richard Backing, H. Sheppard, Dennis Griffin, Emilio Luenberger, John Lyons, Simon Dean, Miss Sarah A. Byrne, skull fractured, right arm broken, right thigh fractured; Mrs. Joseph Byrne, Mrs. J. L. Mahler, Miss Bessie Wilson, Miss Pearl Woodward.

To add to the horror a fire broke out in the ruins shortly after the accident, but it was extinguished before any of the victims were burned.

Carroll, the agent order is responsible for the collapse of the building house and the loss of life it caused.

From the statements of several people it is evident that a disaster had been expected. Contractor T. Carroll, who had charge of the construction of the under paving or street work on which the building was raised, says he explained to the workmen several days ago that if they continued operations along the line in which they were working there was bound to be a collapse.

The resources of the receiving hospital were totally inadequate to care for the wounded. Nine people were taken to that institution within three-quarters of an hour, and while two were being treated in the hospital several others were being rushed in, and the hospital was crowded.

When the building fell, two women were on the only stairway, and a man whose injuries were so painful that he could neither stand nor sit down.

H. Sheppard, a young man who resides in Southern California, and who was staying at the Brighton House when the building fell. He was on the first floor and was taken to the hospital to be treated for a broken leg.

GUESTS OF MCKINLEY.

Noted Callers From All Sections of the Country.

OAKLAND, O., June 22.—Five hundred citizens of Muskingum county came to Canton in a special train tonight, including delegations from Zanesville and Dresden. Congressman H. C. Van Voorhis was with the party and presented the delegation to Governor McKinley. The governor mounted a chair, and when the cyclonic din that came from a thousand cheering voices had subsided, addressed his visitors briefly.

National Republican Chairman M. A. Hanna, Col. Fred Grant and wife, H. Clay Evans of Tennessee and Col. A. J. B. Harris of Ohio, and a few others' visit with Governor and Mrs. McKinley, left for Cleveland tonight. Col. William H. Osborn of Boston remains a guest at the McKinley house.

Before leaving, Col. Hanna said no committee officers had yet been appointed. Protection he considers the greatest issue.

H. Clay Evans said that tariff was the paramount issue in Ohio. He is also of the opinion that the hot winds will not linger in this vicinity more than twenty-four hours.

Indiana Democrats are gathering in great numbers to attend the Democratic state convention, which will be held Wednesday. It is probable that two days will be devoted to the convention. The free silver delegates will include 1500 of the 1747 delegates, the majority of the gold standard element coming from Indiana.

There is a long list of candidates for the various offices. The prospects are that B. F. Shively of South Bend will be nominated for governor. The free silver executive committee has made all the arrangements for convention. R. C. Bell of Fort Wayne will be chairman and Dan McDonald of Plymouth secretary. The delegates at large will probably be Senators Turpin and Voorhees, Judge Wade of the supreme court and G. V. McNees of Mount Vernon.

The convention promises to be the largest ever held by the party in the state.

The Healer in Kansas.

LAWRENCE, Kan., June 22.—A man who registered under the name of August Schrader, divine healer of Denver, came here on a bicycle. He claims he is a Schiater, traveling under an assumed name to avoid notoriety. Persons who had seen Schiater questioned him so closely that he left early this morning without attempting any cures.

AS A CITIZEN ONLY.

Whitney Will Not Go to Chicago as a Delegate.

ALBANY, June 22.—Chairman Hinkley of the state Democratic committee and William C. Whitney were guests of Senator Hill tonight. Senator Hill said he had nothing to give out for publication, and added:

"We have had a little informal talk, but have decided upon nothing. We would like Mr. Whitney to go as a delegate to the Chicago convention, but the vacancy for which we would name him still exists."

Mr. Whitney said: "I will go to Chicago and expect to be at the Auditorium shortly after July 1st. I repeat, however, that I will go neither as a delegate-at-large nor as a district delegate, but simply as a plain citizen. Yes, we have talked over the financial plank, but we have not prepared a draft of it. I do not anticipate any very great opposition from either people in the state convention."

There will be another conference at Senator Hill's house tomorrow. The names of William B. Grace and Francis Scott are mentioned tonight for the fourth delegate-at-large. W. S. Russell of Butte is also mentioned, but is not believed to have a very extensive backing.

The other delegates-at-large will be Senators Hill and Murphy and ex-Governor Flower.

THE SIXTH WEEK.

Miss Ashley's Actions at a Summer Resort.

SAN FRANCISCO, June 22.—The hearing of the Ashley-Baldwin case, which entered upon its sixth week, was resumed before Judge Slack today. William Peters testified that he was for some years in the employ of Melville Lawrence at the hotel at both Lake Tahoe and Ardena hotels. He was employed when Miss Ashley arrived at the Oakland in the spring of 1893 and remembered her being there. He corroborated the testimony of his former employer and Mrs. Alverton as to the plaintiff's actions during the time she was a guest at the hotel.

Upon one occasion the plaintiff drove off from the hotel alone in a car about 7 o'clock in the evening and did not return until 1:30 or 2 o'clock the next morning when the witness helped her to alight from the vehicle. Her brother, Lawrence, was at the hotel at the time and the witness stated that Lawrence took him to task for allowing his sister to stay out so late.

OHIO DEMOCRACY

WILL DECLARE FOR THE WHITE METAL.

A Scarcity of Candidates for Places on the State Ticket.

COLUMBUS, O., June 22.—Delegates to the Democratic state convention are coming in slowly. The convention does not meet until Wednesday, all the preliminary work being done by the district delegates and at committee meetings tomorrow evening. Hon. John McManis of Dayton having declined to act as temporary chairman, on the ground that he has been too frequently turned down by the party, the question of who will preside is being discussed, but the temporary chairman will be named until the state central committee meets tomorrow. Dan McDonnell, formerly a sixth auditor of the treasury, and Allen W. Thurman, are the leaders of the free silver wing, which will have a big majority in the convention. McDonnell claims that there are 620 delegates pledged to vote for a free silver plank in the platform and 52 pledged to the gold standard, while 60 are doubtful. The gold standard men only claim 100 to 125 delegates.

The majority of the silver men is so great that the convention will probably adopt the unit rule. The delegates to be sent to the national convention will all be pronounced free silver men of national repute. It is conceded that J. R. McClellan of Cincinnati, Allen W. Thurman of Columbus and W. B. H. Holden of Springfield will be three of the delegates at large. The contest for fourth place is said to be between L. E. Holden of Cleveland, H. B. Finley of Bay City and J. B. Blodgett of Toledo.

A scarcity of candidates for places on the state ticket and it is probable there will be some new names on it.

Ex-Governor Campbell arrived tonight, and his name would be presented to the convention as delegate-at-large. This rather complicated the situation, as the silver men are none too kindly disposed toward the ex-governor, who ran on a gold platform last year. Charles P. Allen of Cleveland is also an aspirant for the honor of delegate-at-large with chances very much in his favor, as he is believed to be the most probable man for the fourth place.

He is practically settled tonight that Colonel W. A. Taylor will be temporary chairman of the convention.

Hail in Nebraska.

OMAHA, June 22.—A terrible hail storm raged last night in the western portion of Nebraska between Paxton and Jewell. At Meigs, siding, on the Union Pacific, the hail reached a depth of over two feet. The section men were out with shovels to clear the track, so that the trains could run. The hail, for several miles, varied in depth from three inches to a depth of four feet, but this was only in draws and pockets.

Battle With Matambies.

BURLINGTON, June 22.—A patrol of twenty-three of the horsemen, bringing in women and children in an armored mail wagon, had a desperate fight with the rebellious natives near Salisbury. Seven of the patrol were killed and four wounded, while fourteen of the horses and all of the mail were killed.

A. F. A. Headquarters.

WASHINGTON, June 22.—The national headquarters of the A. F. A. will be removed to this city this week by President Nichols and Secretary Palmer, who are now in Chicago arranging for the transportation of furniture and records of the order from that city to Washington.

Seven Killed by an Explosion.

GALVESTON, June 22.—A dispatch to the Tribune from Comstock, Texas, says at Donnette Station this morning a train locomotive boiler exploded killing seven men, including A. L. Doucette, president of the National Lumber Company, and wounding five others.

CONSUL LEE'S MESSAGE

Not Yet Received at the State Department.

SOME NICE QUESTIONS INVOLVED

In the Adjustment of the Cases of the Delegates and Others in Cuba.

WASHINGTON, June 22.—A day or two at least must elapse before the report which Consul-General Lee is said to have forwarded Saturday can reach the state department. It is not clear whether the report will come by mail or whether General Lee will avail himself of the services of Internal Revenue Collector Ryan as a messenger, as has been intimated might be the case. As there has been much speculation as to what has called forth this particular report from the Consul-General, it can be stated that aside from some brief cablegrams announcing his arrival and the receipt of instructions, nothing has yet been heard officially from the new Consul-General, so that a report from him in the ordinary course of consul routine is fairly due. While it is true that consul officers under their general instructions are expected to report to the state department any event that might be of interest to our government, it cannot be learned that General Lee was under any instructions to make a report upon a policy to be pursued toward Cuba. For such information respecting the military situation as he could have gathered while en route to Havana and as a distance from the fighting line, the state department would be grateful and it would carry weight in view of the military experience of the Consul-General, but after all his report will be of value in exact accordance with the facts contained, and it is hardly to be supposed that the Consul-General will go beyond such a statement.

It is not supposed in official circles that he will attempt to shape the policy of the state department as to recognition of belligerency or of independence, which must be decided in Washington after consultation of a field broader than is open to the perception of an official stationed in Cuba. As present the state department is giving more attention to the grievances of American citizens than to the other subjects of the propriety of interference in the strife between the Spaniards and the Cubans, and to this end has been pushing a vigorous correspondence with Haniel Taylor, our minister at Madrid.

The purpose is to prevent, so far as possible, depredations on the property of Americans in Cuba, and especially after the outbreak of a field broader than is open to the perception of an official stationed in Cuba. As present the state department is giving more attention to the grievances of American citizens than to the other subjects of the propriety of interference in the strife between the Spaniards and the Cubans, and to this end has been pushing a vigorous correspondence with Haniel Taylor, our minister at Madrid.

Some nice questions of diplomacy are involved in the adjustment of these matters, as for instance in the Delgado case, in the issue of the whole question of how long an American resident in Cuba can preserve his American citizenship when he has practically given up his allegiance to the United States and has concentrated all his material interests in the island. The treatment of such matters is sufficient to engage the attention of the state department just now.

It is not supposed in official circles that he will attempt to shape the policy of the state department as to recognition of belligerency or of independence, which must be decided in Washington after consultation of a field broader than is open to the perception of an official stationed in Cuba. As present the state department is giving more attention to the grievances of American citizens than to the other subjects of the propriety of interference in the strife between the Spaniards and the Cubans, and to this end has been pushing a vigorous correspondence with Haniel Taylor, our minister at Madrid.

WASHINGTON, June 22.—The Post tomorrow will say:

From every quarter there is the same testimony concerning the barbarities of the Spanish soldiers. Some of the evidence I have heard of will be beyond belief. It is known to be most reliable. Violations of the policy, the plundering of innocents, the murder, every form of rapine, have been inflicted on natives of the island and it takes very little, indeed, to place you under suspicion."

General Lee doubts if peace can be made now short of a basis of absolute independence and freedom from Spanish control.

Russell Not a Candidate.

BOSTON, June 22.—Ex-Governor William E. Russell has issued a statement on his position relative to the Democratic presidential nomination. In it he positively states that his name will not be presented at the Chicago convention; that he will go to the convention, not as a delegate, but as a citizen in the usual manner.

And furthermore, he will urge all his friends and supporters to do their utmost to secure the selection of William C. Whitney as the presidential nominee.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

ROYAL Baking Powder

ABSOLUTELY PURE

THE MINERS ARE FIRM.

No Change in the Leadville Strike Situation.

LEADVILLE, Colo., June 22.—Beyond the holding of several conferences by mine owners today, there is no change in the strike situation. The miners are firm in their position and are the recipients of resolutions of sympathy from all other unions in the city. The mine managers decline to say a word as to the result of their conference and whatever decision they have reached is not likely to be known for several days.

The Newell mine, which has been paying \$3 per day, was forced to close today by water, owing to the pulling of pumps from adjoining mines. The city is quiet and the best of order is being maintained and officials of the miners' union are using measures of precaution against any possible disturbance.

GOLD PLATFORM.

Wisconsin Democrats Will Meet in Convention Today.

MILWAUKEE, June 22.—The chances are tonight that the Democratic state convention tomorrow will adopt a gold platform by a majority of 2 to 1, although there are many delegates who favor silver. The subject and still more important, the subject of the delegates are here. General Edward Bragg and General Sibley will be delegates at large. Some of the delegates will be for silver, but under the unit rule they will probably be overruled. The delegates of Eas Clair, selected for chairman, will make a strong administration and gold speech.

REFUSE TO SURRENDER.

Arizona Officers Will Resist Removal by Governor Franklin.

PHOENIX, June 22.—Since assuming office Governor Franklin has been picking off the appointments of his predecessor, and thus far has met with refusal to surrender office on the part of citizen member McCord of the board of control, and Territorial Treasurer Cole. McCord was removed from office Superintendent Ira B. Hamilton of the territorial insane asylum, appointing in his stead Dr. H. W. Hughes of Phoenix. Hamilton refuses to leave the asylum, and states that he will resist ejection to the last legal resort.

THE LATEST SWINDLER

A SECRET AGENT OF THE ADMINISTRATION.

Claimed to Distribute Redeemed But Uncancelled Greenbacks for Campaign Purposes.

KANSAS CITY, June 22.—The Journal tomorrow will announce the arrest at Neosho, Mo., by Deputy United States Marshal Peerman of a swindler who has eluded the agents of the treasury department for nearly three years. The swindle exposed by the arrest was operated on lines wholly new. The chief operator, who is known as J. B. Bell, alias James F. Swartz, is in jail at Springfield, Mo. Along with him are M. A. Magdonis and Thomas Robbins, respected citizens of Neosho, who are said to have become parties to the fraud.

Bell claimed to be a secret agent of President McKinley, and carried an administration seal and the signature of W. Q. Graham, secretary of state, and dated August 18, 1894. The pretended mission of the swindler was to distribute campaign funds for the national administration, and he claimed to be able to give out to favored ones greenbacks that had been presented to the government for redemption and cancelled. He claimed that instead of destroying these bills the administration stored them in the treasury vaults to be distributed by him for campaign purposes.

From each of his dupes the swindler exacted an initiation fee of \$2.50, and he represented to them that the number of citizens admitted to the brotherhood was so regulated that each member would be given \$4000 annually to distribute.

Notwithstanding that the scheme was clearly fraudulent the authorities have evidence that the swindle has been extended to other cities, and that Central Missouri and Tennessee. In the possession was also found a number of forged mortgages and deeds and correspondence, which shows that he has been carrying on a systematic campaign of fraud.

The swindler was greatly assisted in convincing his dupes by some accomplices in Washington, from whom he received daily mail, including treasury reports and other documents, which were apparently sent to him in franked envelopes. These were exhibited as an evidence of his authority.

Hell, or Swartz, claims to be a Californian.

Stage Holdup.

BREWSTER, Cal., June 22.—The noon stage from Spanish town, driven by Ed. Campbell, was held up today by a man at the old dam, who slid down a pile of rock in front of the horses. The man had a white handkerchief over his face, and weighed about 170 pounds. When the horses commenced to run he fired four shots at the driver, which did not injure him. The robber secured no booty.

A Lockout Broken.

CHICAGO, June 22.—After a little over a week the lockout at the Chicago rolling mill was broken today by the Universal Construction Company, about 200 men going to work. The lockout was precipitated in a strike among the huals employed in the mills and trouble was anticipated with the renewal of operations. No rioting took place, however, and so far no assaults have been reported.

A Former Fresno Promoted.

PHOENIX, Ariz., June 22.—Edward Shampa, formerly connected with the Southern Pacific Company at Fresno, has been appointed as general superintendent of the Maricopa and Pinal counties and Salt River Valley road.
